7. What is the antidote and/or medical attention required? _____

8. How is the contaminant detected? _____

9. Remarks: _____
10. For additional info., contact _____ Phone No. _____
11. I hereby certify that I have reviewed the above document, and the unit it pertains to, and find this unit free of hazardous materials as defined in EPA regulations, and that it can be handled in a routine manner. It is understood that if AMETEK, Inc. determines that hazardous contamination exists in this unit, it will be returned to the customer at their expense with a surcharge included for handling and testing, as it is unlawful for AMETEK, Inc. to treat, store or dispose of hazardous materials at our site. If testing prior to disposal indicates contamination of AMETEK test equipment, in excess of limits allowed for AMETEK's site disposal system, a waste disposal fee (To be determined at time of disposal) will be invoiced to the customer.
